## Summary

Data Analyst with internship experience in Python, SQL, Power BI, and Excel. Skilled in data cleaning, data visualization, dashboard development, exploratory data analysis (EDA), and business intelligence. Experienced in transforming raw data into actionable insights, automating reporting processes, and supporting data-driven business decisions through analytics and reporting.

## Technical Skills

**Programming:** Python, SQL, C (Basic)

**Databases:** MySQL

**Data Analysis:** Data Cleaning, Data Transformation, Data Validation, Exploratory Data Analysis (EDA), Statistical Analysis, Business Analytics, KPI Analysis, Trend Analysis

**Business Intelligence:** Power BI, Power Query, DAX (Basic), Dashboard Development, Data Visualization

**Excel:** Advanced Excel, Pivot Tables, Pivot Charts, VLOOKUP, XLOOKUP, INDEX-MATCH, Conditional Formatting

**Python Libraries:** Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, OpenCV

**Machine Learning:** Feature Engineering, Classification, Model Evaluation, Model Selection

**Tools:** Git, GitHub, Jupyter Notebook, VS Code, Streamlit, ERPNext

**AI Tools:** ChatGPT, Gemini, Prompt Engineering

## Professional Experience

**Software Engineer Intern — Openlyd Pvt. Ltd. — On-site**

- Analyzed **HRMS attendance, payroll, and employee data**, improving payroll accuracy and supporting efficient HR operations.
- Automated **attendance, overtime, and payroll workflows** using ERPNext scripting, reducing manual effort and streamlining processes.
- Developed a **shift-based overtime calculation module** and operational reports to support accurate salary computation and workforce planning.

**Python Developer Intern — Flikt Technology web solutions — Remote**

- Processed and analyzed **10,000+ records** using **Python, Pandas, and NumPy**, improving data quality and business reporting.
- Performed **Exploratory Data Analysis (EDA)** and created visualizations using **Matplotlib** and **Seaborn** to identify trends and insights.
- Built automated **data preprocessing pipelines** for data cleaning, feature engineering, and missing value handling.

**Intern — IRDE DRDO Dehradun — On-site**

- Evaluated **AI-based image enhancement algorithms** using **Python, OpenCV, and Machine Learning** under diverse weather conditions.
- Performed **image preprocessing, feature extraction, and performance analysis** using **NumPy, Pandas, and Matplotlib**.
- Documented research findings and technical reports to support algorithm validation and project outcomes.

## Projects

**Heart Disease Prediction and AI Health Assistant** || [GitHub Link](#)

**Tech Stack:** Python, Pandas, Scikit-learn, Streamlit, Matplotlib, SQL

- Developed an **AI-powered Heart Disease Prediction** web application using **Streamlit** for real-time risk assessment.
- Performed **data cleaning, Exploratory Data Analysis (EDA), feature engineering, and model training** using **Logistic Regression, Random Forest, and KNN**.
- Evaluated models using **Accuracy, Precision, Recall, and F1-Score**, selecting the best-performing model for deployment.

**Blinkit Sales Analysis Dashboard | Power BI** || [GitHub Link](#)

**Tech Stack:** Power BI, Power Query, DAX, Excel

- Built an **interactive Power BI dashboard** to analyze sales, revenue, customer ratings, and key business KPIs.
- Transformed raw data using **Power Query** and created dynamic reports with **DAX, slicers, drill-through, and interactive visualizations**.
- Delivered actionable insights into **sales trends, outlet performance, and inventory optimization** to support business decisions.

## Education

**Shobhit University, Gangoh**

Bachelor of Technology in Computer Science

08/2022 – 06/2026

CGPA: 8.3 / 10.00

**SJSVM Inter College, Gangoh**

Higher Secondary Education- 12<sup>th</sup>

04/2021 – 03/2022

Percentage :- 80%

**SJSVM Inter College, Gangoh**

Secondary Education- 10<sup>th</sup>

04/2019 – 03/2020

Percentage :- 82.16%

## Certifications

Data Analytics Job Simulation – **Deloitte** , Python Programming – **Infosys Springboard** , Data Science Job Simulation – **BCG X**

## Leadership & Achievements

- Secured 2nd Position** in an **Ethical Hacking Competition** for identifying and mitigating system vulnerabilities.
- Participated in hackathons, successfully building and delivering functional projects within strict deadlines.
- Represented** the institute at the **State-Level Football Championship**.
- Served as Club Head** of the **Sports Club**, leading and coordinating various sports events.
- Served as Club Head** of the **Social Media Club**, managing digital content and promotional activities.
- Attended workshops on **AI/ML, Data Science, and Data Analytics**.
